Registration of a student who is not a resident of Camden or Rockport is a fraudulent act. Any student found to have been fraudulently registered will be unenrolled immediately. Parents or guardians making a fraudulent registration may be subject to the payment of retroactive tuition charged for nonresident students.

This Proof of Residency form is to attest that the above student is not enrolling in the school district solely for school purposes and is living on a permanent basis with the person having complete custody and control.

I certify that I am the parent or legal guardian of the above-named student, and that the student lives, sleeps, and eats at the street address identified above during the week throughout the school year. I understand the residency requirements and I know the penalty for fraudulent registration.
